

Forsyth County Purchasing Department

July 27, 2010

Cablik Enterprises was awarded the Ducktown Park restroom project for the Forsyth County Parks and Recreation Department. The building was built to all specifications on time and budget. We were also kept informed by Cablik during the construction process as to progress as well as issues that arose. If the opportunity arose we would use Cablik Enterprises again as we have been happy with the building and with the customer service received.

Sincerely,
Amy Neighbors
Contract Administrator.
