

June 21, 2013

Dear Alan-

It was a year ago that we first saw Cablik's outstanding work during the 2012 Modern Home Tour. At that time it was only a dream that we would get our kitchen remodeled and add a fabulous new deck. I'm happy to say that with the help of Cablik and especially Bobby Roberts, our dream has been realized and it's even better than we had hoped. Thank you!

From the beginning of the design process, through to the last item on the punch list, Wyatt and Bobby have used their expertise to guide us, address challenges and ensure that we realized an exceptional final product. When there were hiccups on the project, as can be expected on any remodel, they addressed the issue and made sure we were satisfied with the result. Overall they did an excellent job planning out the project to minimize the amount of time we were out of our kitchen. In addition, Bobby moved heaven and earth (along with appliances and furniture!) to make sure we met the deadline to have our floors refinished while we were on Spring Break. He has been exceptionally thoughtful and patient with us throughout the project and never hesitated to go above and beyond the norm to get the job done.

As you may know, we also added a floor-to-ceiling sliding wall of windows on one end of the room, opening to the new deck. Although this part of the project did not move as quickly as we hoped, Cablik worked steadily and carefully to insure that the end result was structurally sound and that the deck was properly waterproofed and installed. It's beautiful and adds an entirely new dimension to our home.

We are now enjoying the benefits of all the hard work and just wanted to let you know how pleased we are with the remodel.

Thank you.

Best Regards,

PEGGY MCCOURRY
