Cablik Enterprises
675 Edgewood Ave. NE
Atlanta, GA 30307

To Whom It May Concern:

When Shelly and I first decided to build our dream home, we knew the construction process would be a challenging endeavor. Going into the project, we had a clear idea of what we wanted our home to look like, and with the help of our architect, we learned a great deal about a myriad of inter-connected components a project of this scale required. It was important to us that not only our design integrity was to be adhered to, but equally important was achieving transparency. Building our home would require the most knowledgeable and experienced contractor to coordinate the construction of all aspects.

After looking through Cablik's portfolio of beautiful modern homes, we believed they would be able to exceed our expectations. After an extensive process, we finally chose Cablik Enterprises to build our 12,000 square foot home, which was completed on schedule, in the summer 2011. The square footage includes the large, cantilevered decks that project off the rear of the house.

Now that we had our construction team selected, we turned our focus towards the interior and exterior finishes. We knew the impact these decisions would have on creating the personality of our home. Each element's importance and impact was balanced with its cost. Wyatt's team thoroughly bought in on our vision. On many occasions providing well-thought out options that also met our budget. Their inherent knowledge and attention to detail streamlined the process and made it a pleasure for us. The results exceeded even our own expectations. The compliments and recognition Shelly and I have received on our home have been many.

Furthermore, we cannot emphasize enough how appreciative we are for Cablik's responsive customer service. If we ever had an issue, they have been just a phone call away, handling our request or inquiry in a manner that is above and beyond. This has given us great peace of mind.

We would happily recommend Cablik Enterprises to our family, friends and business partners.

All the Best,
