**RE: Our Brookridge Drive Renovation**

Dear Alan,

I wanted to take a few moments to thank you and the Cablik team for the great work on our renovation. Pace and I love the house. Apparently we are not the only ones - we have received so many complements from our friends, family, and random people who stop me in the front yard when I am watering the grass, that I thought I would pen this letter. (I am not exaggerating!)

In particular, I would like to complement Ryan Howard and Bobby Roberts. I know Ryan is no longer with your firm, but he was instrumental to the success of our project. When Ryan informed us he would be leaving we were a little concerned about the transition to a new project manager. Ryan, however, worked relentlessly to make a smooth transition – even working on the project after leaving Cablik on his week off before starting his new venture.

As I said, we were a little unsure as to how the transition to a new project manager would go. We need not have worried. Bobby was wonderful and did a great job picking up where Ryan left off. He was easy to work with and extremely helpful in overcoming all those last minute challenges that come along with a project of this scope. He really went the extra mile for us and we are truly appreciative of his efforts.

We always felt comfortable with Cablik throughout what in many instances is a difficult process. Thank you for the great work and feel free to use as a reference to prospective clients.

Sincerely,
