Happy Holidays!

The team at Cablik sends our best wishes for your holidays and the upcoming new year. We are thankful for all of the relationships we have made throughout the years and wish each of you success in 2015!

Cablik's "Finch Forest Residence" wins Gold OBIE Award for Best Kitchen Renovation 2014

This modern kitchen renovation earned Cablik the top award for 2014's OBIE Award presentation from the Greater Atlanta Home Builders Association.

The homeowners have two college kids and do a lot of entertaining in the home's original 1970's kitchen, so they were seeking an updated, modern kitchen and entertaining space which needed to be accomplished before one of the kids' college going-away party. The island was expanded to accommodate seating for six, and the new adjacent patio door provides a key linkage to the outdoor and pool areas of the home.

This kitchen remodel expressly achieved the goal of enabling better quality time with family and friends. The project was completed one week ahead of schedule, in time for the planned party, and the new space provides a wonderful backdrop and indoor / outdoor connection, where the homeowners can make fond memories with friends and family. The clients' enthusiastic reaction to the new space clearly demonstrated their satisfaction with their new dream space.

SkyHill townhomes begin closings

The much anticipated SkyHill townhome development has begun closings. This modern development on North Avenue is sold out and homeowners will be moving in over the next few months. Cablik is actively working on similar modern townhome offerings — contact us to be the first to know about upcoming opportunities.

Be sure to check out the new **“Interiors”** magazine from Modern Luxury.

The premiere issue features Cablik's Greenpine Residence as the cover feature and contains a 9-page article about the home's eclectic interiors.

The full article can be viewed [here](#).
