RE: Salon Zahra Tenant Build Out

To Whom It May Concern:

Cablik Enterprises, LLC was hired by Lassiter Consulting and Management on behalf of the Owner, Salon Zahra, to perform general contracting services on a new salon space. The project scope involved a complete renovation of a 1,200 square foot existing retail suite.

This job presented difficult challenges with regards to an expedited schedule and complicated construction. Cablik was able to complete the project on time without sacrificing quality and workmanship in the materials and finishes, while staying with budget.

Furthermore, Cablik managed the job so that changes to the original scope did not increase the budget. In addition, their positive communication throughout the project allowed us to work through difficult problems that arose during build out and make quick decisions to keep the job moving.

Our clients are extremely happy with our new space, and Lassiter Consulting and Management would strongly recommend Cablik Enterprises for tenant and salon build out.

Should you have any questions or concerns, feel free to contact me.
